We are proud to have been chosen by Old Dominion University to participate in a partnership program with Tidewater Park Elementary School in Norfolk. The students at Tidewater Park are not as lucky as we are.

They have a shortage of school supplies.

We thought it would be very nice if we shared our supplies.

If you would like to make a small donation of a composition notebook, pencils, crayons, or another school supply we will have a box in the office all next week.

You may attach a personal note that will be given to the student along with the donated item.

Tell a little about yourself or your school and you can be sure the student will be delighted to receive the school supply along with a nice note from you.
